

Product data sheet

GC GR EMD w/ screwable roller bolt

configurable, with C-profile and screwable roller bolt

AREAS OF APPLICATION

- Suitable for single and double leaf swing doors
- Suitable for the GEZE Slimdrive EMD drive series
- For attaching sensor strips
- Permitted for fire protection doors

PRODUCT FEATURES

- Specialised roller guide rail to which sensor strips can be attached
- Visually looks like a single construction component and therefore fulfils the highest design requirements
- Can be mounted together with the safety components on narrow door profiles
- The roller guide rail and sensor are mounted on the same level and do not cover glass cut-outs on glass doors
- Can also be retrofitted on existing door systems
- Compatible with integrated opening restrictor
- Vertical mounting offset of the roller guide rail possible
- Prevents the roller bolt from jumping out of the roller guide rail
